## **SOME SUGGESTIONS AND OBSERVATIONS MADE BY STUDENTS:**

Upload explanation videos by teacher on college website specially practical subjects would really help most students during exams

And also nowadays many competitions. are going on research paper. Debate .etc...but being First year student the term research paper is new to us we have never done such thing in our school .so i want our principal to introduce such competitions in our College . If our College will organize such competitions students will get Prepare to participate anywhere out of our College . Without being afraid of loosing or something it will be like a mock test for them according to me.

Give equal time for sports and study . Sports period once in a week so that student don't stress their self only studying 24 ×7.

College can provide good canteen facilities for students .

Over all the teachers are very helpful they help us in our studies..

From my point of view I don't think there is need of any improvement

- 1) Canteen should be expanded
- 2) More courses should be introduced

It is good. Learned many things. Facilities are best , teachers are so good and motivate us.
