**IQAC COLLEGE DEVELOPMENT PLAN AND ACTION TAKEN REPORT FOR
THE ACADEMIC YEAR 2019-2020**

The Government College of Commerce and Economics was established in the year 2010 with the basic objective of providing students belonging to the less privileged sections of society an access to higher education. The mono faculty college offers a graduation programme in Commerce and is affiliated to the Goa University.

STRATEGIC DEVELOPMENT PLANS

The Strategic plan, spirit and ethos of the college are enshrined in its Vision and Mission Statements and finds resonance in the institution's core values.

Vision.....

“We intend to be a leading Institution in providing quality education and equal opportunities to heterogeneous student community from diverse backgrounds.”

Mission....

“To offer holistic and interactive academic environment to the students from diverse backgrounds, enabling them to develop academic, interpersonal and technological skills and empower them to achieve their highest potential for adapting to the competitive global society.”

Core Values of the Institution....

Equity: The institution believes in the principal of universal education and equity providing access to all students irrespective of gender, caste, class or religion. It embraces diversity and aims at promoting an inclusive society.

Empowerment: At the government college of Commerce and Economics, we believe that education is the path to true enlightenment and empowerment. We aim at enriching the teaching learning experience by adopting a student-centric approach and using Information and Communication Technology. Our motive is to develop competences of our human resources – both students and faculty.

Excellence: We believe in a holistic approach to education. Our college is committed to provide each and every student the best educational experience possible, providing them not just what their curriculum demands but also according to their avenues to explore their inherent potential, give expression to their creativity, develop their personalities and become global citizens.

Value system: We believe in the values of honesty, integrity, brotherhood co-operation and aim at inculcating and imbibing these values in our students. We encourage student learning and empower our students to embrace attributes of accountability and responsibility and develop in them a respect for diversity and plurality.

Student Learning: We believe our very existence revolves around our students. They are our 'raison d'être.' We have the power to shape and mould them into employable citizens. We aim at being the connective tissue between academia and industry, imbibing in our students the requisite skills, learning and knowledge, acumen and wherewithal required by the ever evolving global market.

The college offers the three year degree programme in Commerce with the following intended programme outcomes:

Programme Outcomes.....

At the end of the three year integrated programme in Commerce, a graduating student of the college:

- PO 1:** Will be equipped with detailed subject related knowledge and information and also be acquainted with recent developments in the programme domain.
- PO 2:** Will develop lifelong livelihood skills and competence.
- PO 3:** Will develop proficiency in soft skills and be able to communicate both verbally and orally.
- PO 4:** Will be skilled in the use of computer systems and software used in commerce and business and will be adequately equipped to face an era of digitalization.
- PO 5:** Will be acquainted with the basics of research methodologies, develop an interest in the same and will imbibe a desire to pursue higher education.
- PO 6:** Will be aware of the need for environmental protection and sustainable development.

PO 7: Will develop a more wholesome personality, recognize their ethical responsibilities as citizens, and contribute to the process of nation building.

The College proposes to organise various programmes/activities in the current academic year in keeping with its vision and mission; its core values and consistent with the programme outcomes. The overall objective is to enhance quality and improve the teaching –learning outcomes.

The proposed activities are clubbed under EIGHT constructs:
