- ✓ Training for competitive exams
- ✓ None required

- ✓ Just Add one P:E lecture also sports activities are there for students But in that also some teachers are like you can have that activity after college or before college as it disturbing studies , All the activities conducted in college are related to study someone's inspirational Speech which are good for students and it helps to develop their courier in future . But no fun activities for students it's fell like we are in School only even in school there is one lecture where students can show their skills . So plz support students in Other activity also
